

Flat Bed Foil Printer

Digital Foil Printing

Flat Bed Foil Printer

The perfect prototyping and proofing equipment, PELEMAN's Flat Bed Foil Printer allows printing companies to create one-off proposals, prototype labels as well as folding carton samples, without the need for large production runs.

Perfect for instant personalisation and limited edition promotions, the Flat Bed Foil Printer also allows retailers and brand stores to generate extra revenue by adding value to their offerings through exquisite custom foil prints on their products or packaging materials.

Starting from one piece.
