			Manually selected End of work period					Manually selected Start of new work period

- Upon arrival at the port, press **REST** and then enter **END COUNTRY**.
- When embarking, start the vehicle as usual and drive onto the Ferry.
- Once the vehicle is parked, press **REST** and then activate **FERRY/TRAIN** (see in the picture below how to activate it).
 1. Press **OK** to show the menu.
 2. Select:
PLACES
 3. Press **OK** and select:
Ferry/train
 4. Press **OK** to confirm. The Ferry/train activity is activated.
- Switch off the ignition. If the tachograph asks you automatically to end your shift, select **NO**.
- After disembarking, start your new shift or if required, find a suitable place to complete the remaining part of the daily rest.

*Although there could be several scenarios for Ferry, we are describing the most common one.
