- Ground clearance 47 mm
- Tyre diameter 112/133 mm
- Tyre width 30/37 mm

Art.: 500907177  
V.nr.: 450816

## Fendt 930 Vario TMS

The Fendt 930 Vario TMS from CASRON-MODEL SPORT is a realistic and fully functioning RC model.

Even the cab and driver figure are designed to look true-to-life. The high-grip rubber tyres feature original moulding. The interference-free 6-channel 2.4 GHz remote control controls the driving functions, horn, light and tow hook (trailer coupling). A sound module provides genuine engine noises. The little CARSON Fendt tractor comes assembled and ready to run and is 100% fully equipped. The power pack with charger and the transmitter batteries are supplied as standard. Create a great team by combining the tractor with the CARSON Tandem trailer, available separately (N° 50 090 7177).

### Recommended accessories:

500907177 Tandem trailer (2-axle tractor trailer)

### Scope of delivery:

Ready to run model with driver figure • Reflex Stick remote control power pack with plug-in charger • 8 transmitter batteries.
