Product details

•

Dough weight capacity: from 80 to 210 g, adjustable diameter from 140 to 300 mm

- Highly flexible and efficient dough sheeter
- Made of stainless steel, with front panel in AISI 304
- “Cold” rolling system, suitable for pizza dough, producing round shapes (inclined rollers)
- Rollers made of food-grade polyethylene (HDPE), adjustable thickness, upper roller protection in plexiglass for better visibility
- Low-voltage 24V controls
- Machine built in compliance with current CE regulations

The +

ADVANTAGE:

Dough sheeters do not require specialized staff and allow significant savings in both time and money. Designed to provide practical solutions for the preparation of pizzas, bread rolls, pies, etc.
