PrimaLoft®

PrimaLoft® Silver, Black and Gold Insulation Luxe are world-leading synthetic insulation materials that outperform competitors by retaining heat in both wet and dry conditions. Each fiber is specially treated with a proprietary finish to resist moisture, keeping the insulation dry and helping the body maintain warmth and conserve energy. PrimaLoft® Black Insulation is also made from 60% recycled post-consumer materials.

VentAir®

Vent Air represents the lastest in cutting edge fabric technologies. It offers wind and water proofing in combination with excellent ventilation and moisture transport. Vent Air Wind provides protection in chilly conditions with low bulk and a soft comfortable finish.

Sustans® Dupont™ Sorona®

Sustans® Dupont™ and Sorona® is made out of renewable fibers. The Sustans® production process is using 30% less energy and consists of 37% renewable fibers compared to common insulation materials.

OekoTex®

Oeko-Tex® is one of the world's most recognized labels for textiles tested for harmful substances. The majority of our products are certified according to the Oeko-Tex® Standard 100, ensuring that every component has been thoroughly tested and proven safe for human health.
