BIRDIE

Design by Olle Lundberg

Minimalism, elegance and simplicity

Minimalism, elegance and simplicity were the key elements in the design of Olle Lundberg's LED desk lamp, Birdie. The luminaire is based on two sections that are moulded together, with a beautiful finish. There are no fussy details; on the contrary, Birdie is the ultimate in simplicity.

Despite the low power of a 7W LED module, Birdie has a high lumen output and easily meets the high requirements of light output in the workplace.

Standard finish

White
RAL9016

Graphite-black
RAL9011 G20

Product information

Material	Lamp housing made of milled anodised aluminium. Arm in extruded, machined, anodised aluminium. Footplate, table clamp and grommet (accessories) in machined, anodised and chromed steel. Floor stand (accessory) in chromed metal.
Installation	The luminaire is purchased on separate article numbers and assembled with the required accessories (order separately).
Connection	2 m transparent halogen-free feed cable with Plug-in driver connected to the outlet.
Light source	Samsung LED light source, colour temperature 3000K. Colour rendering CRI 90. Chromaticity tolerance 3 SDCM. Rated lifetime: L70 50 000.
Light scattering	Light control 0-100% via the sensor surface placed on top of the lamp housing, so called Sweep-Dim. On/off via the same sensor surface. Set value is retained after power failure. Compliant with the international standard EN 12464-1 regarding luminance of at least 500 lux on workspace.
Measure (mm)	L10xB76xH11. Foot plate Ø160. Table clamp: table thickness 10-45 mm. Table grommet: table thickness 17-45 mm, hole Ø26 mm.
