USER MANUAL

Shower and commode chair

Product code: Movano

1. Characteristics

The shower and commode chair is made of durable PP (polypropylene) material. It has height-adjustable aluminum legs finished with non-slip rubber tips. The adjustment allows for customization to meet the individual needs of the patient. The backrest and seat are equipped with a soft, removable cushion. Side armrests increase stability and safety of use. The chair is equipped with an easily extendable plastic sanitary container with a lid.

Set includes: Seat frame, backrest, armrests (2 pcs), legs with tips (4 pcs), seat cushion, backrest cushion, sanitary container with lid.

Elements of the commode chair:

- **A.** backrest
- **B.** backrest cushion
- **C.** armrest
- **D.** seat cushion
- **E.** seat frame
- **F.** leg
- **G.** anti-sliding tip
- **H.** sanitary container

2. Application

The shower and commode chair is an auxiliary equipment that facilitates the user to perform hygienic activities. It is recommended for people who have problems with independent movement, with dysfunctions and movement limitations, which prevents or hinders independent performance of activities of

daily life. The chair has a toilet function thanks to the provision of a sanitary receptacle under the seat. It facilitates carrying out the user's daily physiological and care activities. The chair is also recommended for use in showers and baths, in home and hospital settings.

3. Assembly, adjustment and usage

UNFOLDING

Step 1: Turn the chair frame upside down and insert the legs into the mounting holes. The legs have locking pins - push the pin in before inserting the leg, then lock the leg.

Step 2. Adjust the height of the legs with the adjustment pins.

Step 3: Turn the chair upright and place it on the ground.
Note: All four legs must be adjusted to the same height and rest firmly on the ground for stability.

Step 4: Insert the backrest into the mounting holes in the seat frame (mounting latch).

Step 5: Insert both armrests into the mounting holes in the seat frame (mounting latch).

Step 6: Insert the sanitary container with lid into the hole in the seat frame.

Step 7: Insert the backrest cushion into the mounting holes in the backrest (3 mounting clips).

Step 8: Place the seat cushion on the seat of the chair - the shape of the cushion makes it easy to fit.

HEIGHT ADJUSTMENT

To adjust the height of the chair, press the leg adjustment pins, select the desired height and then lock the set height with the pin. The legs are adjustable in increments of 2.5 cm.
Note: all legs must be set at the same level and stand firmly on the ground.

USAGE

Lift the seat cushion, and then remove the lid of the sanitary container. After use, cover the container with the lid and place the seat cushion on the seat.
Note! Remember to empty the toilet sanitary container after each use.
