

Multicopy

by **Stora Enso**

ZERO

Multicopy Zero is a carbon neutral multipurpose paper for all office machines. The greenhouse gas emissions generated through the production of the Multicopy Zero and its transportation to the end user, are offset to net zero through the purchase of high quality carbon credits. Multicopy Zero has an excellent runnability and offers great print results in colour as well as in black and white.

Multicopy Zero is available in A4 and A3.

Technical information Target values	Method	80 g/m ²
