

Declaration of Conformity

Name and address of the business operator issuing the declaration of compliance;	Polynova Nissen AB Vretensborgsvägen 28, 7tr SE-126 30 Hägersten
Identity of the materials or articles	Polyethylene Art.Nr: 5000092, 6000040
Date of issuing the DoC	(20260821)
Valid until	(20280821)
Conformity with Legislation	Overall migration tests are made on similar products. The products meet the requirements regarding overall migration testing to 10% ethanol, 3% acetic acid, 95% ethanol at 40 °C for 10 days. According to (EU) No. 10/2011, the materials with contact to food may not release more than 10mg/dm² of substances under the course of testing. The tested samples comply with these requirements. Specific migration of metals. In compliance with the requirements of Annex II, (1) of the (EU) No. 10/2011 the product sample did not release any excess of heavy metals when subjected to a 3% acetic acid testing, at 40 °C for 24h. Migration of Polycyclical Aromatic Hydrocarbons (PAHs) & Cadmium - In compliance with the requirements of REACH 1907/2006 with amendments. Perfluoroalkyl and polyfluoroalkyl substances (PFAS) Content - In compliance with (Regulation (EU) 2025/40) and (Regulation (EU) 2025/351).
Good Manufacturing Practice	The manufacturer follow the requirements in EU regulation 2023/2006 in the production of the material / article covered by this Declaration.
Information relative to the substances used or products of degradation	All substances used are in the Union list, EU/10/2011, annex 1, and are not migrating above the migration limits if the material / article is used according to given restrictions for use.
Information relative to the substances which are subject to a restriction in food; Dual use additives	No Dual use additives

Highest surface to volume ratio for with compliance is verified	6dm ² /dm ³
Intended for the following types of food	Aqueous, acidic, alcoholic, fatty, dry
Time & Temp	Long time cold storage, Room temp and Hot Fill 15min maximum
Functional barrier	Functional barrier is not used.
Other relevant specifications on the use of the article	Single use
Supporting documentation availability	Supporting documentation (detailed information) will be available on request by authorities within 1–2 weeks.
