Product description 40 characters

Description

High-quality paper CD pockets designed for secure and eco-friendly disc storage. Each pocket features a clear PP window for easy viewing of contents and is crafted from 120gsm paper for enhanced durability.

Application

- Storage: Ideal for organizing and protecting CDs, DVDs, and Blu-ray discs.
- Organization: Clear window allows for quick

identification of stored media.

Instructions for use •

- Place: Lay flat on desk with gel rest facing you.
- Position: Rest wrist comfortably on the cushion.
- Clean: Wipe with a damp cloth for hygiene.

Eco friendly gesture

- This product is primarily made from sustainable paper materials, making it an eco-friendly alternative to full-plastic sleeves.
