

The diagram shows a top-down view of a foot with a dark grey footprint. Two horizontal measurement lines are shown on the right side. The top line, labeled 'Länge* // Length*', extends from the heel to the tip of the longest toe. The bottom line, labeled 'Fußlänge // Foot length', extends from the heel to a dashed line positioned 15 mm below the tip of the longest toe. A vertical double-headed arrow between these two lines is labeled '+ 15 mm'.
