Achtung / Note / Remarque

Kunstleder, vor allem helle Farben, kann auch bei ordnungsgemäßigem Gebrauch bereits nach kurzer Zeit Verfärbungen aufweisen, wenn man es mit nicht farbechten Kleidungsstücken (z.B. Jeans) nutzt.

Imitation leather, especially light colors, can show discoloration after a short time even with proper use if you use it with garments that are not colorfast, e.g. jeans.

Même s'il est utilisé correctement, le similicuir, en particulier les couleurs claires, peut se décolorer au bout de peu de temps s'il est utilisé avec des vêtements qui ne sont pas de la même couleur, par exemple des jeans.
