

OMNIA 3 RV-E

SKU: 019000OM3RV/E

Blåsluft kyld buffé med förångare, struktur i rostfritt stål tillgänglig med standard träpanel eller överbeläggning (SPP), rostfri panel (SST) eller pulverlackerad panel (CST). Utrustad med justerbara fötter som kan maskeras av en golvlist. Brunnan är utrustad med ventiler som skapar ett luftblad som förbättrar kylningseffektiviteten och optimerar förbrukningen. För att uppnå maximal kylprestanda bör brunnan vara helt stängd av G6-montern. Bottenpaneler justerbara i höjd för att tillåta insättning av GN-pannor (ingår ej) max 100 mm höga. Bottenpanelerna är helt borttagbara för att förenkla rengöring och underhåll; de kan också ha olika grader av benägenhet att bättre visa mat.
