## CAN BE USED FOR:

Kneading  
dough

Sponge  
cakes

Whipping  
cream

Beating  
egg whites

| Code   | Voltage<br>(V) | Wattage<br>(W) | Dimensions<br>(mm) | Capacity<br>(l) |
|--------|----------------|----------------|--------------------|-----------------|
| 221150 | 220-240        | 800            | 470x263x(H)413     | 7               |

## FEATURES & CHARACTERISTICS

Designed for intensive use as it can operate for 1 hour without overheating. Features an exceptionally energy-efficient, powerful, and durable DC motor (800W) with low noise and minimal vibration. Equipped with a high-quality gearbox, a patented cooling system, and a modern design. Speed can be adjusted within each programs range.

### V-SHAPED BELT MODULE

Efficient power transmission. Suitable for intensive daily usage.

### GEARS

Extremely solid, made of stainless steel. Guarantee an even planetary rotation and a smooth transition to the desired power level.

### HOUSING

Solid and stylish, made from high-quality aluminium.

### 11 SPEED LEVELS

The convenient dial allows for easy adjustment of the settings. The speed is smoothly adjustable for optimal control.

### CONTROL PANEL

- Easily legible
- Countdown timer

### 4 PROGRAMS:

- Slow (speed 1-6)
- Standard (speed 1-8)
- Gentle (speed 1-9)
- Fast (speed 1-11)

### BOWL, 7 LITRES

Made of 18/8 stainless steel and equipped with a non-slip, coated handle. It has capacity for up to 1.5 kg of flour, 2-20 egg whites, 150-1,500 ml of sweet cream, or 0.1-2.0 liters of fresh cream.

### LID WITH FILLING OPENING

Allows for easy addition of ingredients during operation. The lid is securely attached to the mixing arm for safer handling.

## INCLUDED ACCESSORIES

**Robust, low-maintenance, and long-lasting:** The versatile accessories of the HENDI Blackbolt Pro are made from high-quality 18/8 stainless steel and POM, making them dishwasher-safe, acid-resistant, and food-safe. Accessories can also be purchased separately in case they need to be replaced.

### HOOK FOR HEAVY DOUGH

Ideal for kneading a firm, uniform, and smooth dough for pizza, pasta, or bread.  
(code: 967317)

### WHISK FOR WHIPPING

Ideal for mixing, blending, and whipping liquid or semi-liquid ingredients such as egg whites, meringues, and creams.  
(Code: 967331)

### FLAT BEATER WITH SILICONE RIM

Perfect for gently stirring firm cheesecake mixtures, creams, and sponge cake batters.  
(code: 967355)

### FLAT BEATER

Ideal for creating smooth, lump-free dough and gently mixing ingredients such as dumpling or shortcrust dough.  
(code: 967324)

### BOWL, 7 LITRES

Lightweight, and spacious, with a non-slip grip. The lid, featuring a filling opening, is securely attached to the mixing arm.  
(code: 967348)
