Note: Variation may occur depending on the ordered solution.

Sales Shelf

1.

Assemble the top and bottom shelves with the start, follow and end gables.

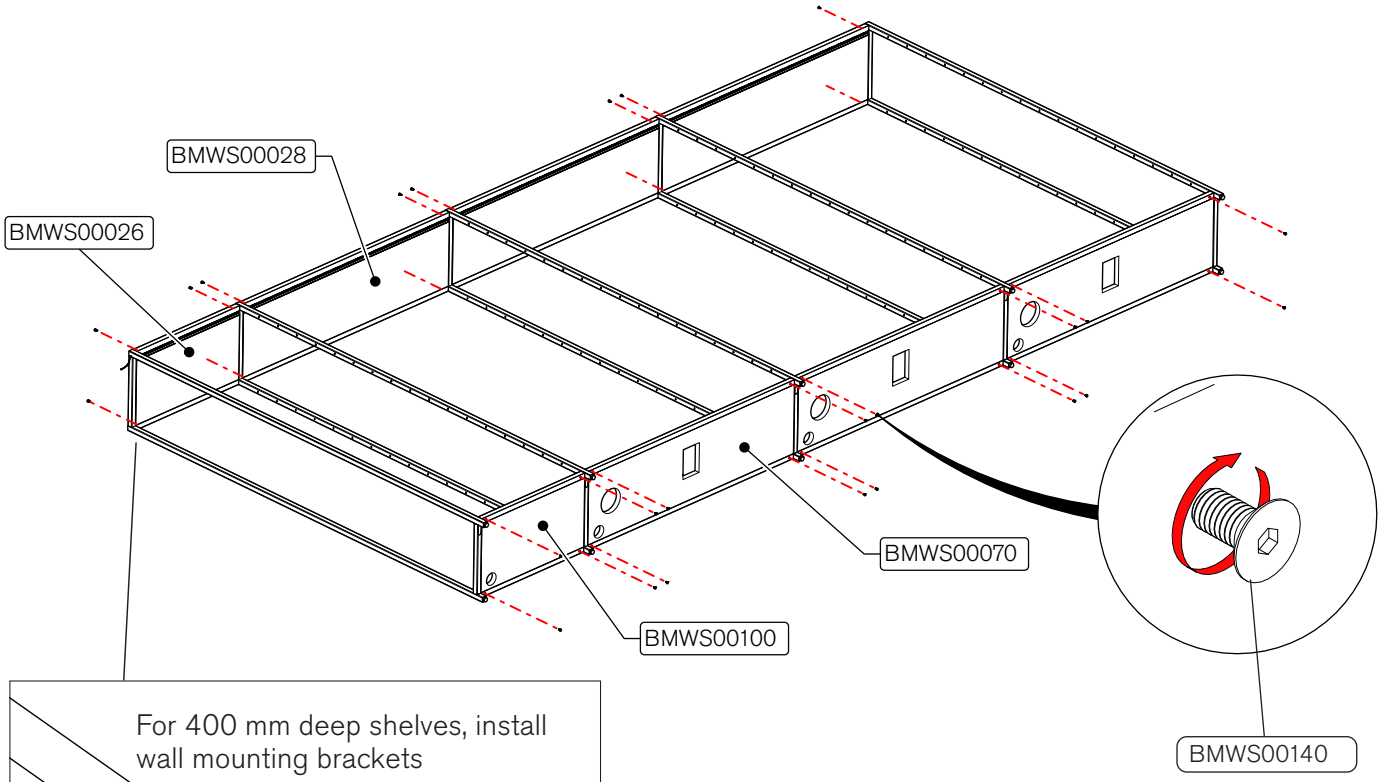

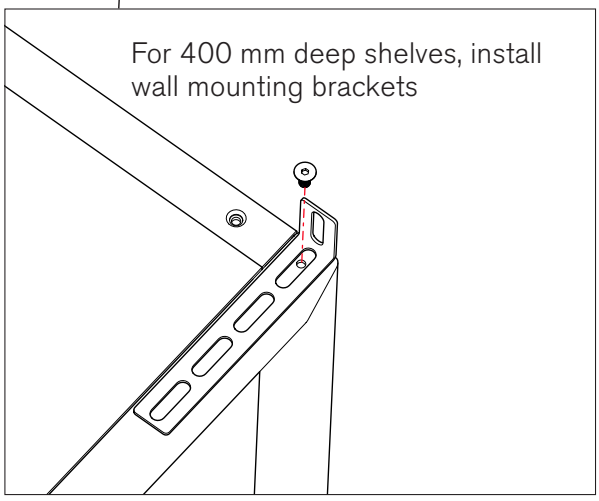

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

2.

Secure the bottom and top shelves

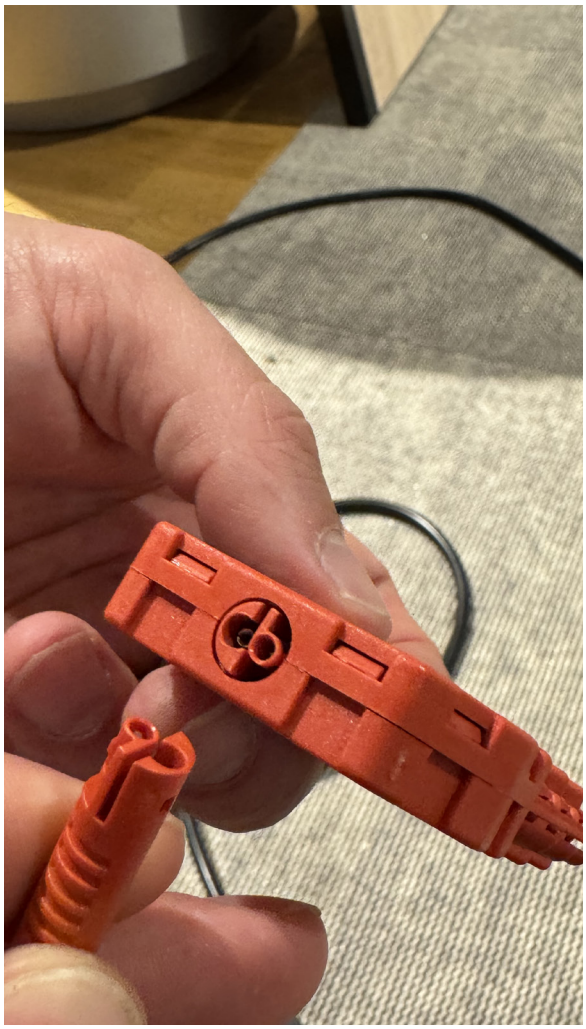

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

4.

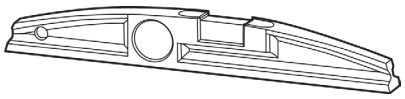

Connect the LED cables to the LED distributer, do not bend or pinch the cables.

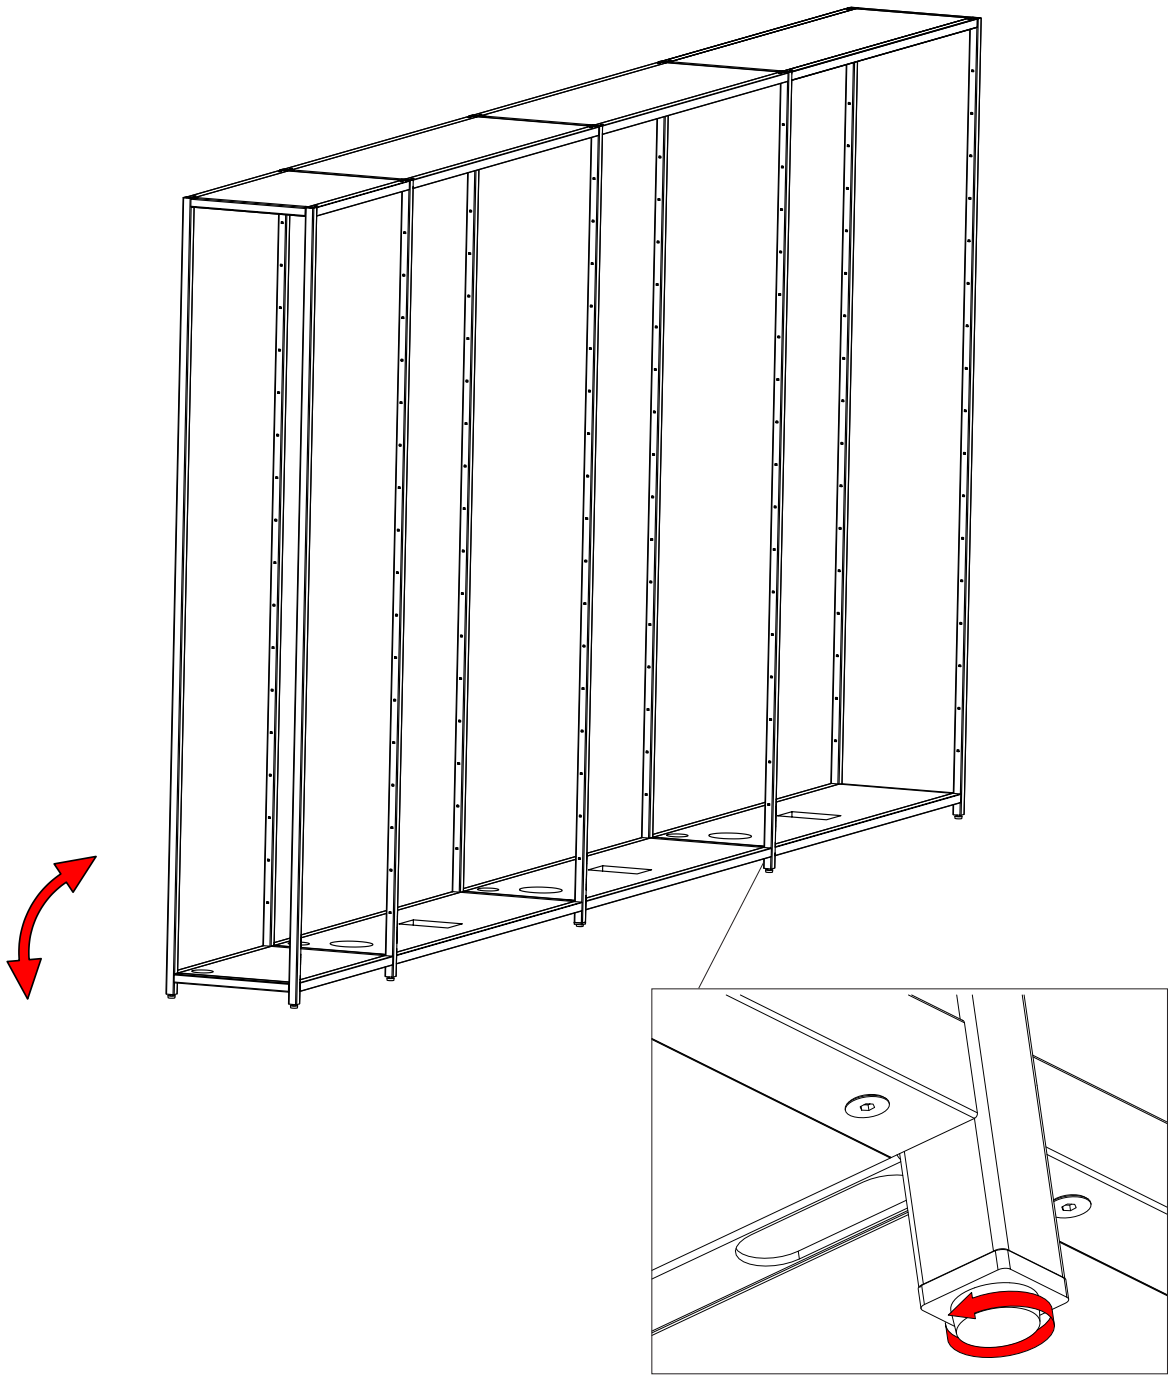

Sales Shelf

5.

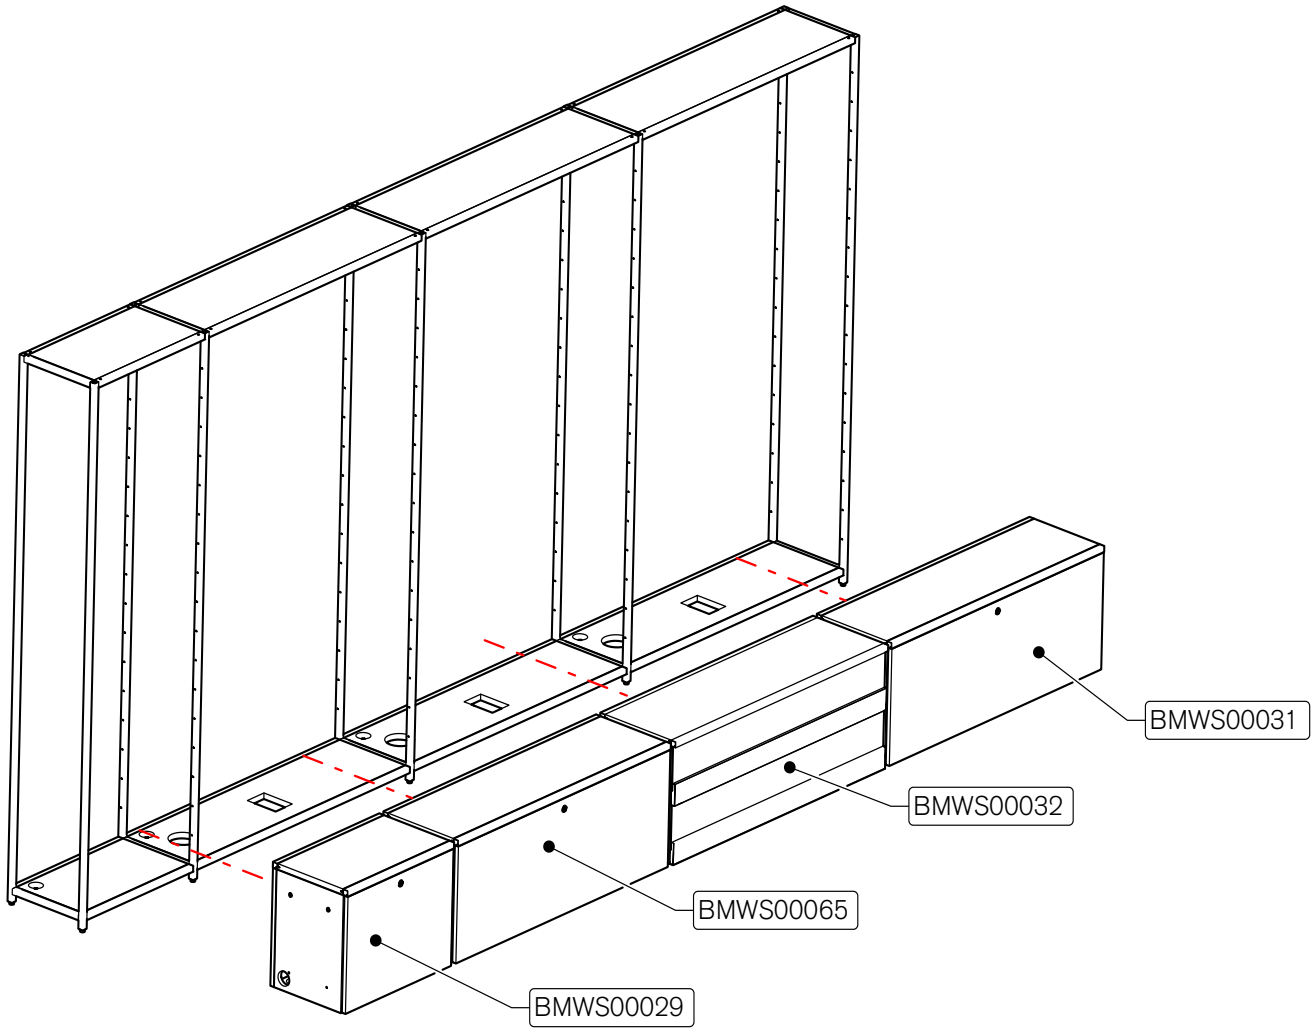

Put the shelf upright.

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

6.

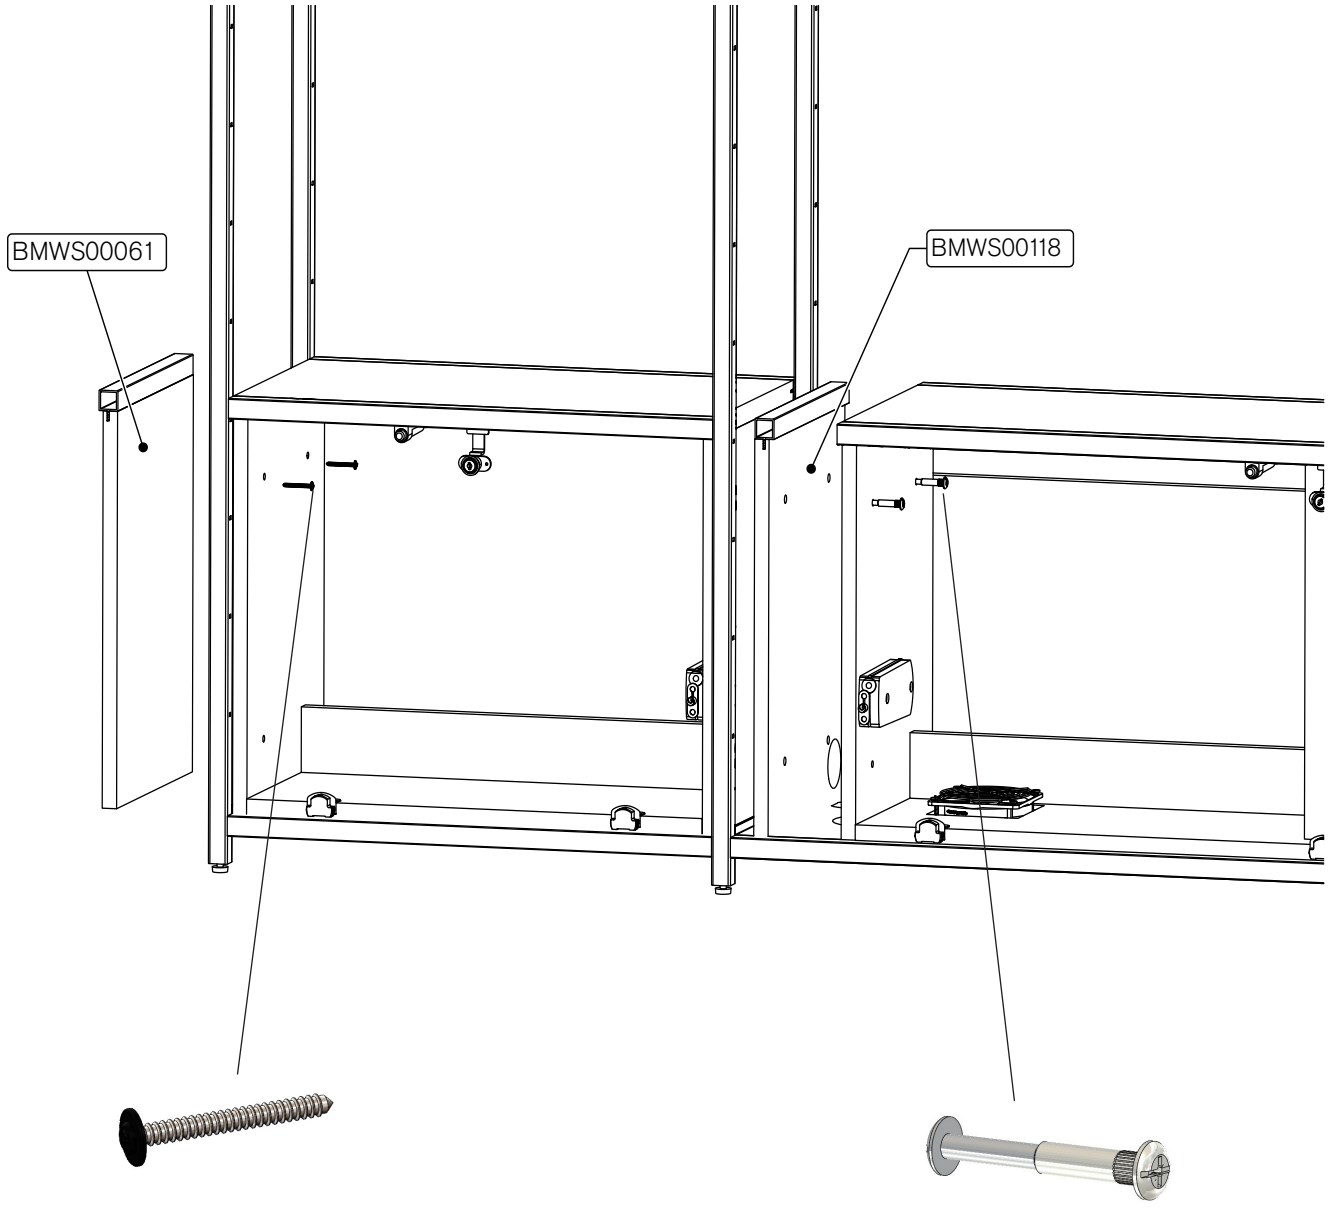

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

7.

Fasten end panels & middle panels

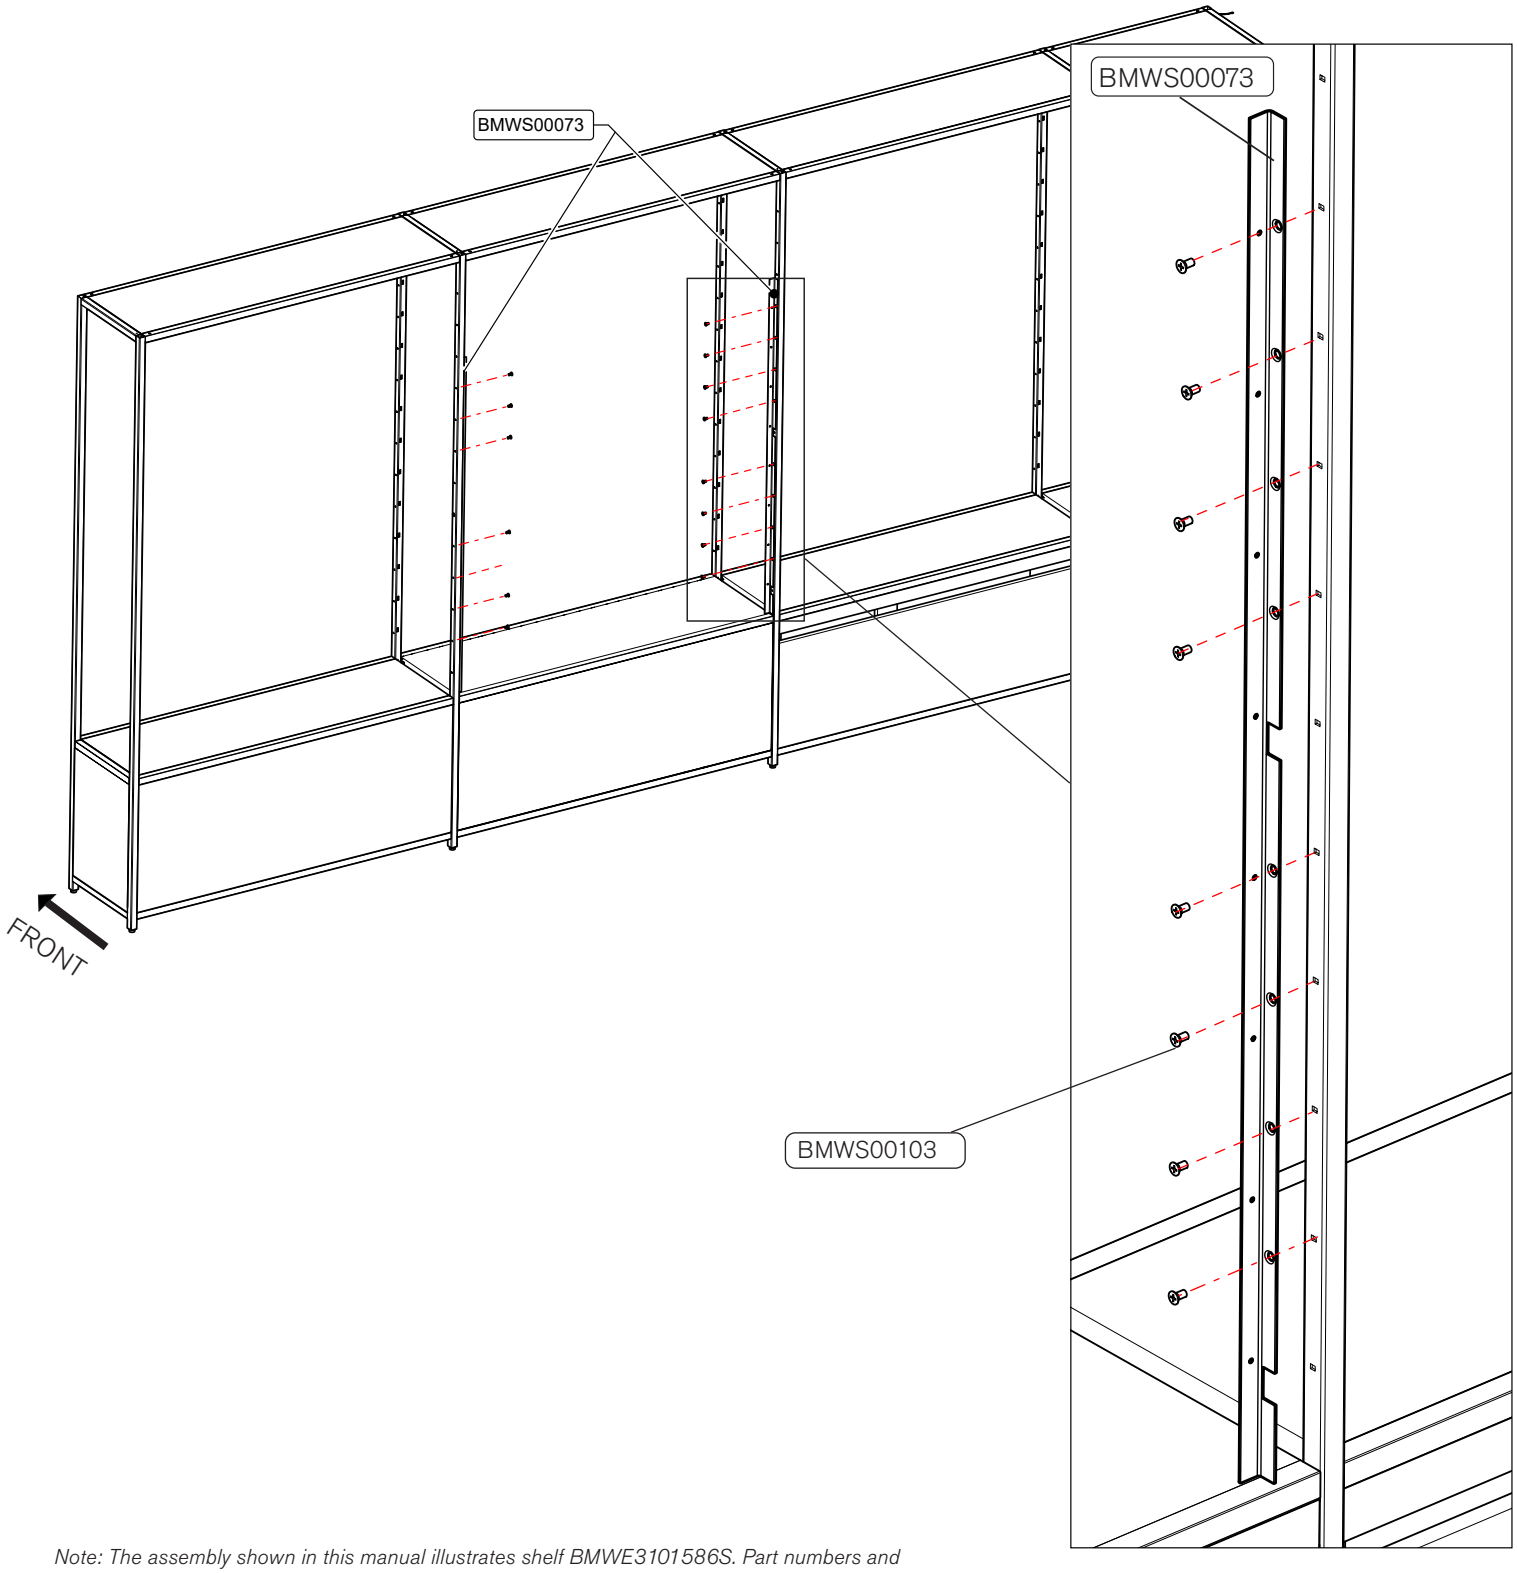

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

8. C&T panel installation

Attach the L-brackets to the ***rear side*** of the gable at desired height.

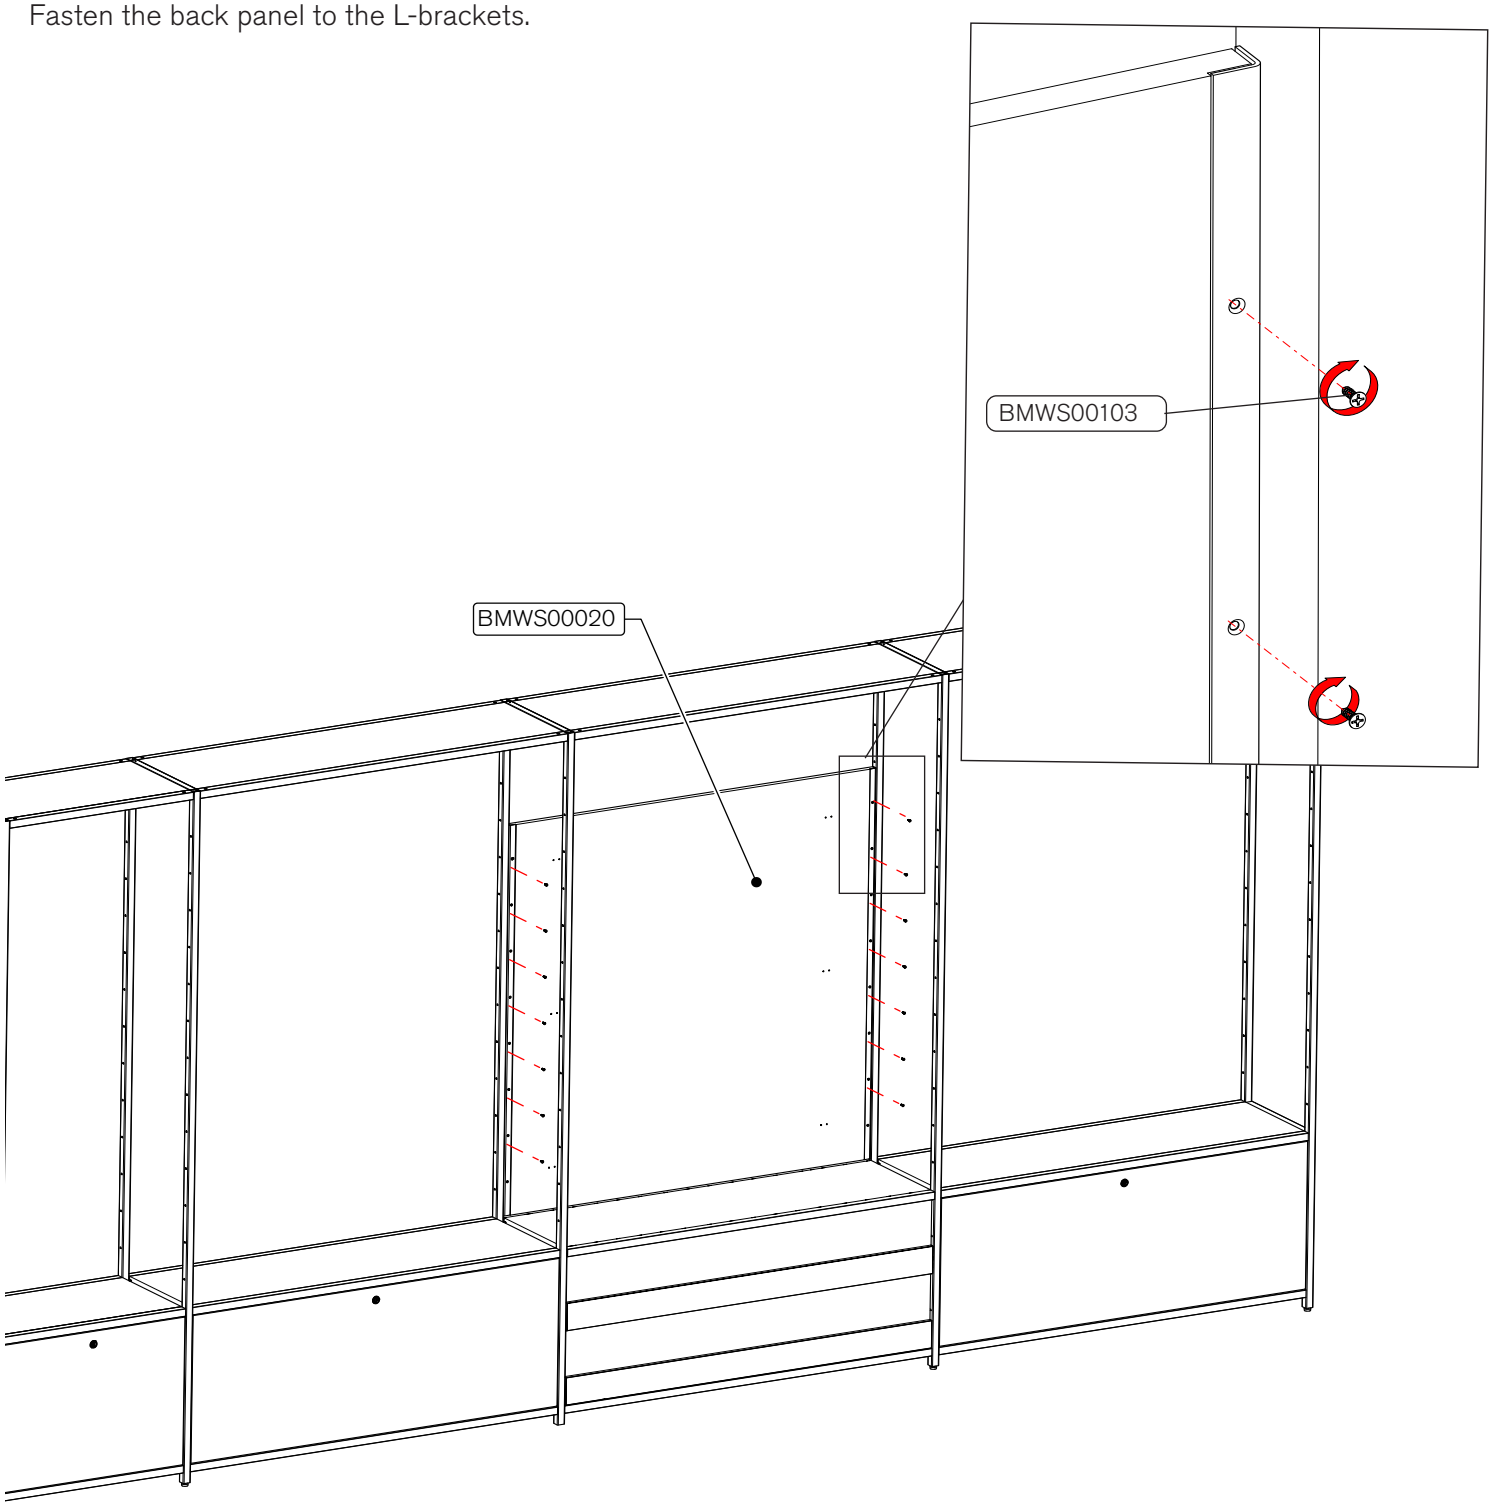

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

9. C&T panel installation

Fasten the back panel to the L-brackets.

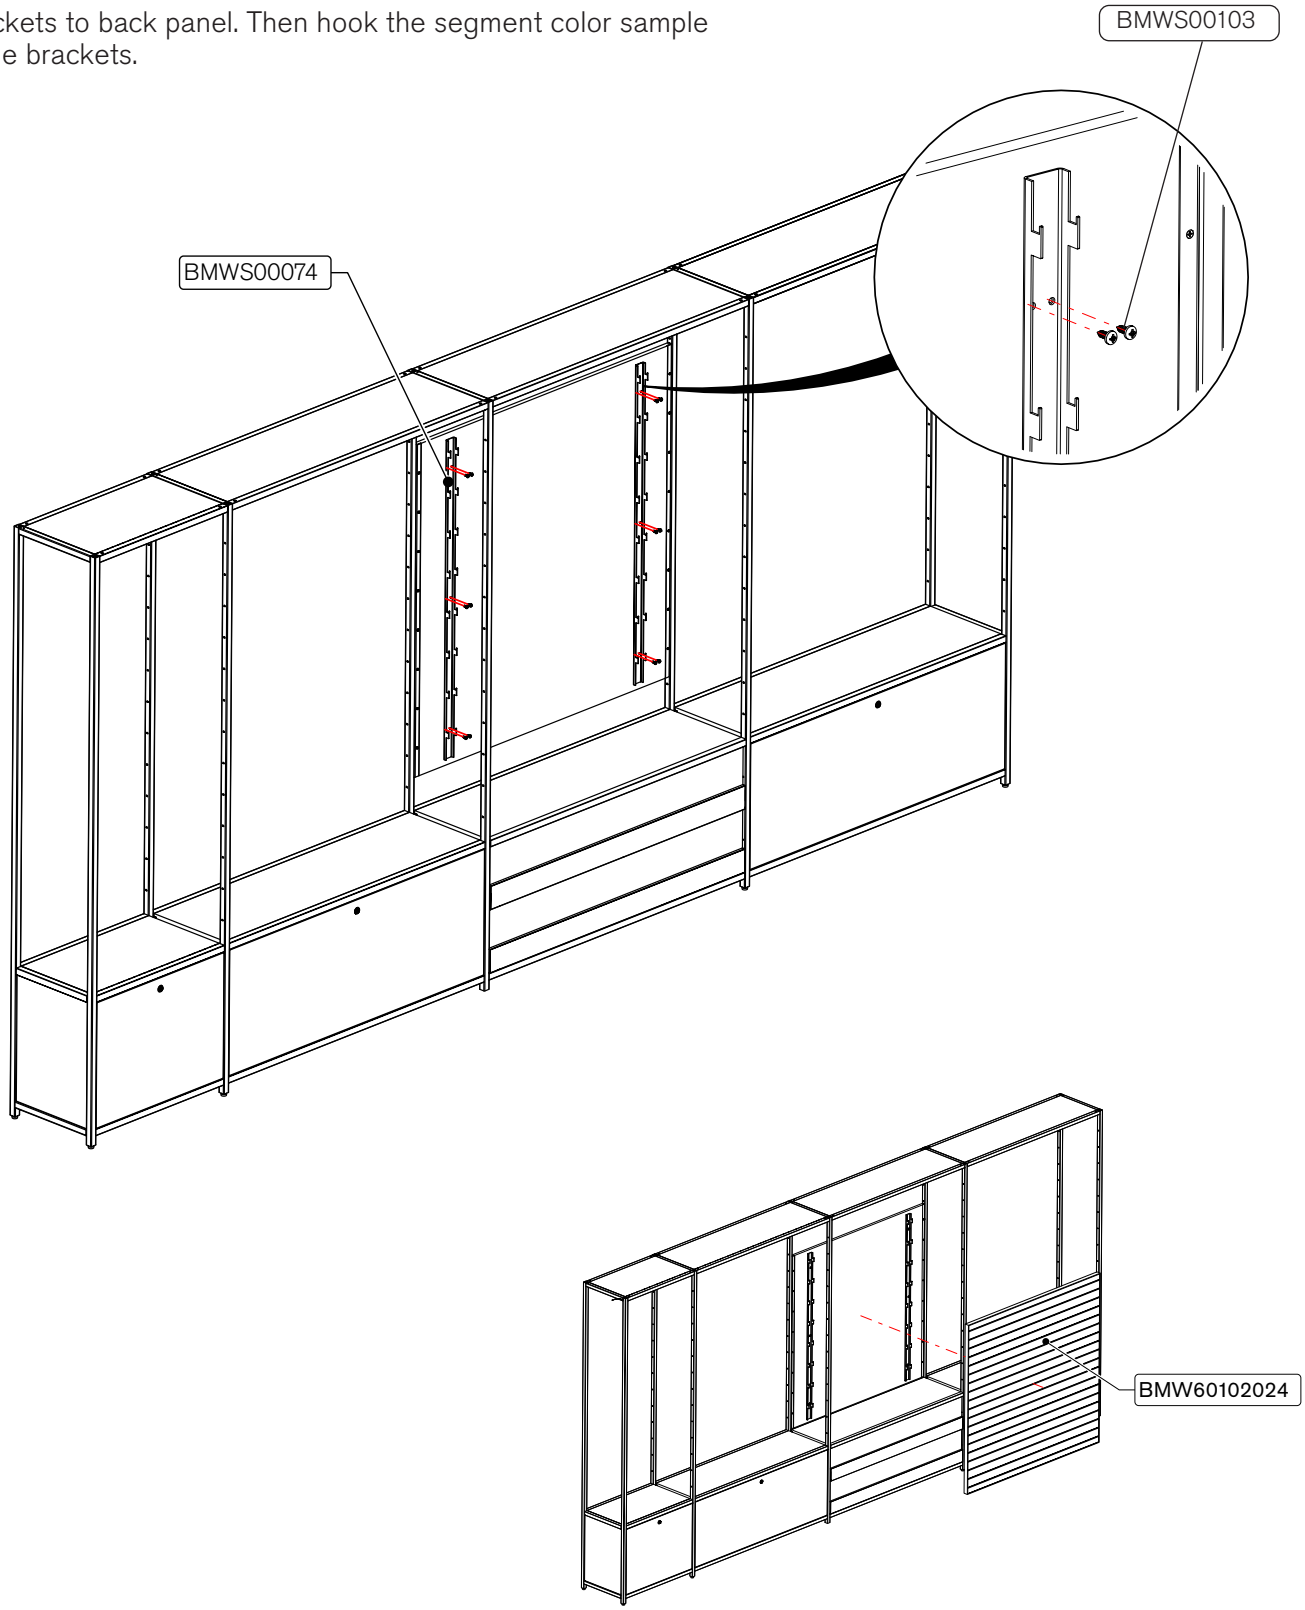

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

10. C&T panel installation

Fasten brackets to back panel. Then hook the segment color sample wall onto the brackets.

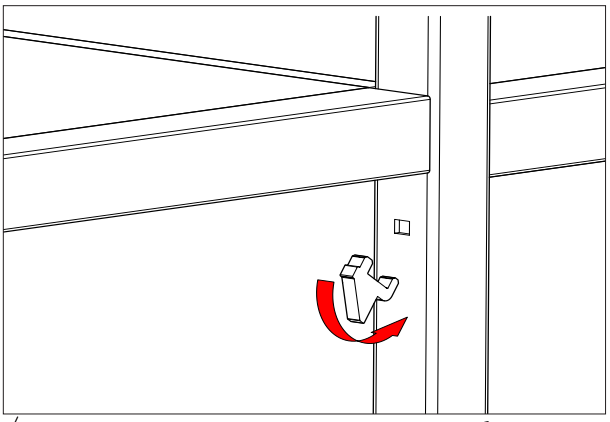

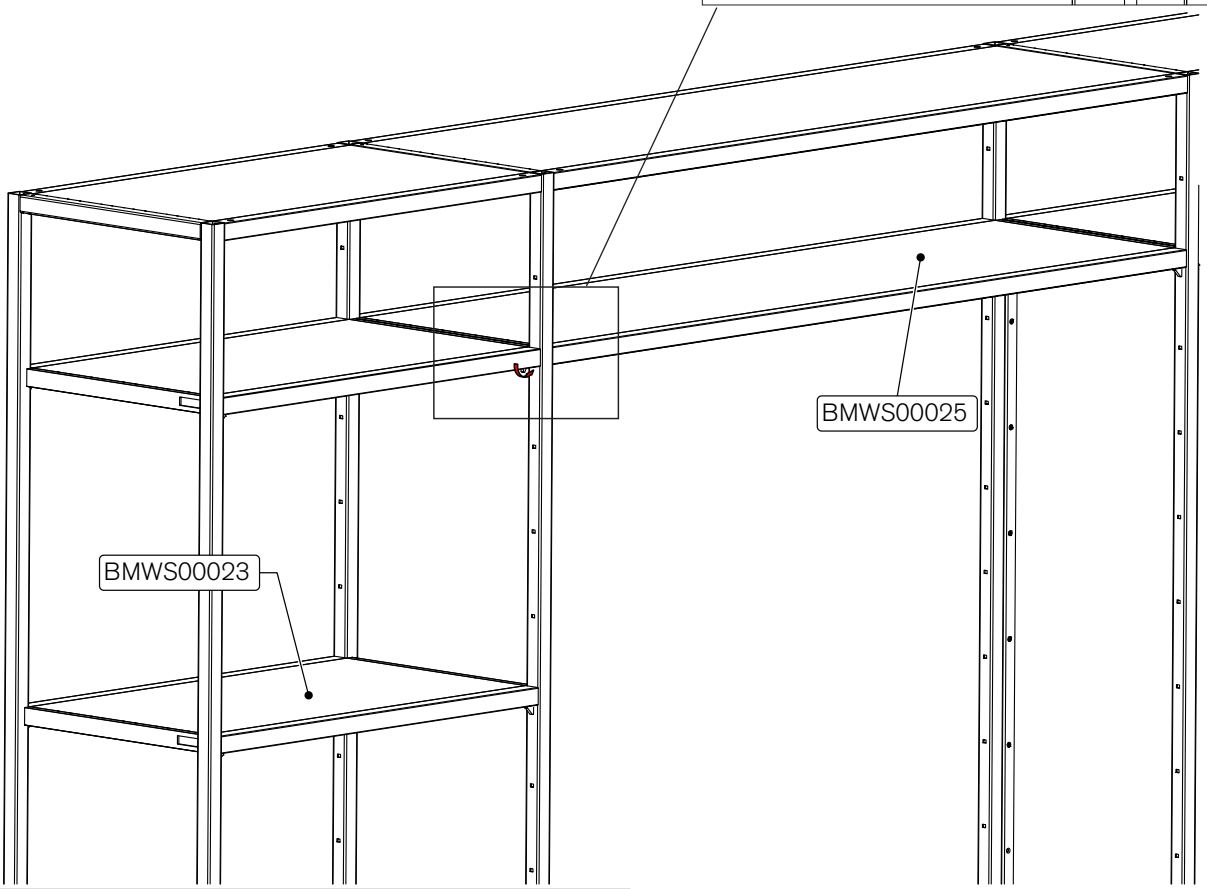

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

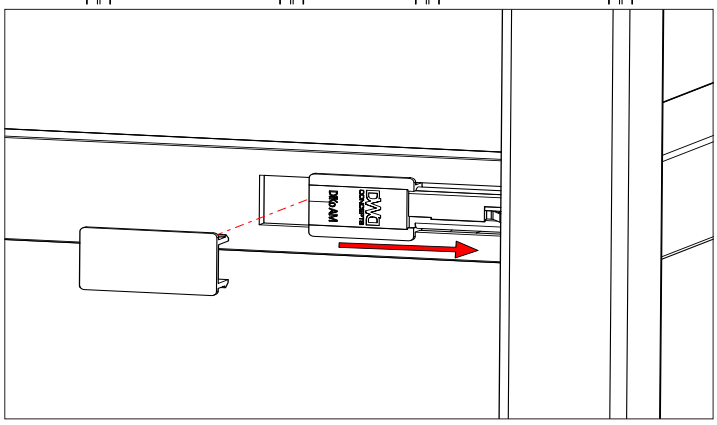

Sales Shelf

11.

Set the shelf carriers at the desired height and install the shelves.

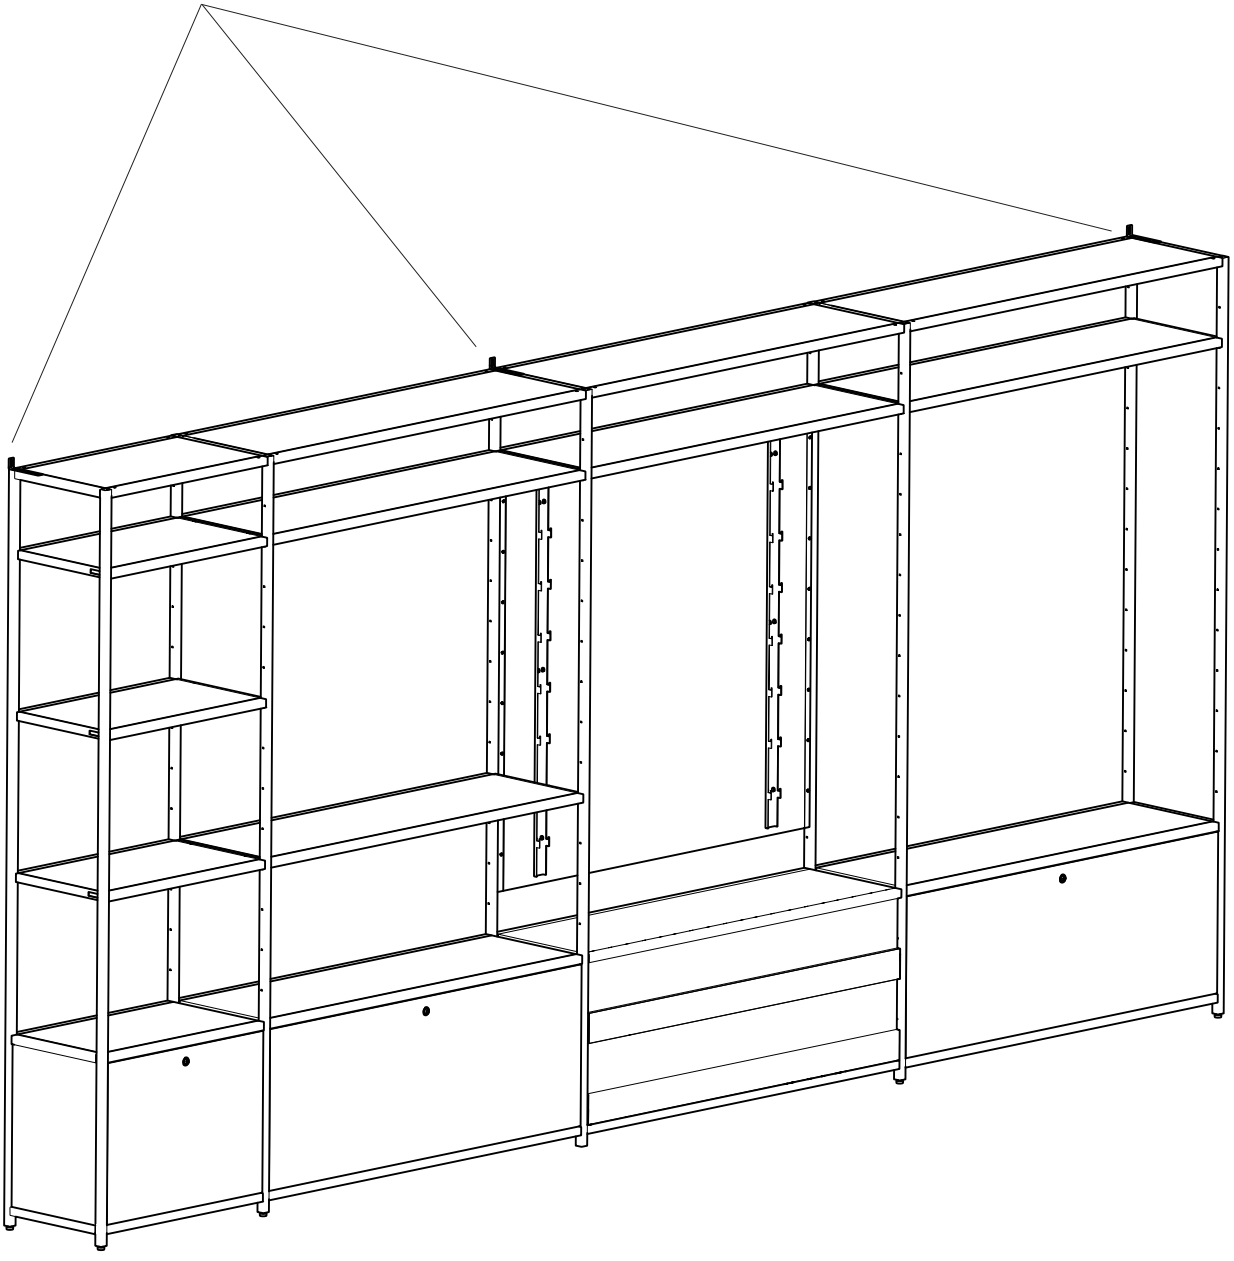

Slide the switch to connect the LED

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.

Sales Shelf

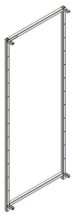

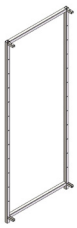

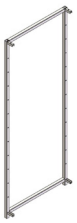

12.

If the shelf is 400mm in depth, bolt it to a wall

Note: The assembly shown in this manual illustrates shelf BMWE3101586S. Part numbers and component configuration may vary depending on the selected shelf size and configuration.
