

W15 SC Bench top split cycle press

The W15 SC bench top press of Wirmec, is a compact unit studied for processing close and ferules terminals. The W15 SC presents itself a very compact unit easy to use. It might be supplied with integrated CFM and calibration certificate. It's compliant at CE norms.

INCLUDED:

- Single and double action split cycle
- Resettable digital counter
- Jog lever for ram slow motion
- Scraps box
- Adjustable spool arm for back and side feed applicators
- CE compliance

OPTIONAL:

- CFM crimp force monitoring with sensor integrated in the ram
- Quick tool coupling
- Filtered air supply for pneumatic applicator
- Programmable cycle time for applicator filtered air supply
- Led lighting
- Paper wind

| TECHNICAL DATA | |
|-------------------------|--------------------------|
| Crimp force: | 20kN |
| Working stroke: | 40mm |
| Wire cross section max: | 6mm ² (AWG10) |
| Terminal thickness: | 0.6mm |
| Shut height: | 135.78mm |
| Cycle time: | 0.3s |
| Power supply: | 230V 50Hz single-phase |
| Size mm: | H1020 x L390 x D350 |
| Weight: | 45Kg |
