30	6152505390	Spare comb, width 1-1/2"	1

Conversion to a Needle Scaler

Remove the screw (12) from the tool retainer (3) and unscrew the tool retainer. Slide the spring (39), needle holder (35) with its set of needles and anvil (34) into the intermediate tube (38).

Position the straight front tube (36 or 37) on the intermediate tube (38). Screw on the tube assembly on the body cylinder (1) and lock the assembly in position with the screw. Remove the screw from the straight front tube (36 or 37) and position it so that the needles protrude by approximately 25 mm. Tighten the screw.

To compensate for needle wear, reassemble the straight front tube (36 or 37) on the intermediate tube (38).

Accessories to convert B20 into Needle Scalers

Item	Part No	Description	Qty
34	6152505160	Anvil	1
35	6152505170	Needle holder for 28 needles Ø1/8"	1
