

North Fork Reloading Data

470 Nitro Express

Safety information when handloading

North Fork disclaims all liability for any damages which may result from handloading since individual handloading procedures are beyond our control. Handloading may only be performed by qualified adults. Careless or incorrect handloading can result in severe personal injury or even death. Handloading should only be performed after thorough instruction. Our stated loads are only examples of loads that we have tried in our own rifles. *Always reference officially published data from powder manufacturers and start off using starting loads, step loads up carefully and conservatively. Reduce loads at the first signs off excessive pressure. North Fork recommends that all handloaders use a chronograph.*

Test firearm: Kreighoff
Barrel length: 24" (61cm)
Primer: CCI 250
Case: Norma

North Fork Flat Point Solid (FPS)

Bullet diameter: .474"
Max COL: 3.75" (95,25mm)
