

Product: First Aid Cabinet Double-Door

Reference code: 290900

1. General description

A metal cabinet with two doors that divide the cabinet into two sections. The outer section holds first aid instructions and an assortment of first aid products for instant use. A plexiglass door protects the products from dust etc. The inner section is intended for storage of refill first aid products. The door to this section is made of metal and can be locked.

2. Intended use

To be used in first aid situations.
