

designed for scientists

## C-MAG MS 4

/// Data Sheet

Magnetic stirrer without heating. With ceramic set-up plate which offers excellent chemical resistance.

- Powerful motor for stirring quantities of up to 5 l (H<sub>2</sub>O)
- Elevated control panel for protection against leaking liquids
- Speed range: 100 - 1500 rpm

designed for scientists

#### Technical Data

|                                                                     |                 |
|---------------------------------------------------------------------|-----------------|
| Number of stirring positions                                        | 1               |
| Stirring quantity max. per stirring position (H <sub>2</sub> O) [l] | 5               |
| Motor rating output [W]                                             | 1.5             |
| Direction of rotation                                               | left            |
| Speed control                                                       | scale 0 - 6     |
| Speed range [rpm]                                                   | 100 - 1500      |
| Set-up plate material                                               | ceramic         |
| Set-up plate dimensions [mm]                                        | 100 x 100       |
| Dimensions (W x H x D) [mm]                                         | 150 x 105 x 260 |
| Weight [kg]                                                         | 3               |
| Permissible ambient temperature [°C]                                | 5 - 40          |
| Permissible relative humidity [%]                                   | 80              |
| Protection class according to DIN EN 60529                          | IP 21           |
| Voltage [V]                                                         | 230 / 120 / 100 |
| Frequency [Hz]                                                      | 50/60           |
| Power input [W]                                                     | 30              |
