

Charging options for ReSound products

ReSound offers rechargeable solutions with inductive charging and long battery life to keep you on the go.

RECHARGEABLE CHARGERS TO MATCH DIFFERENT RESOUND COLLECTIONS

Premium charger works with:

ReSound OMNIA™ RIEs, ReSound ONE™ RIEs, ReSound LiNX Quattro™ RIEs and ReSound Key™ RIEs - with separate insert per form factor.

Standard charger works with:

ReSound OMNIA RIEs and ReSound ONE RIEs.

Desktop charger works with:

ReSound OMNIA RIEs, ReSound ONE RIEs, BTEs and Power BTEs. ReSound LiNX Quattro RIEs and ReSound Key RIEs - with separate insert per form factor.

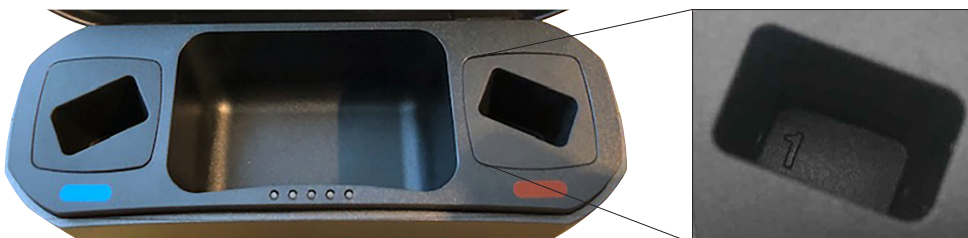

Custom charger works with:

ReSound ONE ITC and ITE.

HOW TO TELL THE DIFFERENCE BETWEEN PREMIUM/DESKTOP CHARGERS

Look inside to see the number that corresponds with the specific ReSound hearing aid collection.

ReSound OMNIA and ReSound ONE RIE has the number 1 written in the insert.

ReSound ONE BTE has the number 70 written in the insert and Power BTE has the number 80 written in the insert.

ReSound LiNX Quattro & ReSound Key RIEs have either no number or the number 3 written in the insert.

HOW TO TELL IF THE HEARING AIDS ARE CHARGING

Place the hearing aids in the charger and let the light indicator on the hearing aids guide you. It is the same process whichever charger is used.

You know that charging has started when the hearing aid lights blink slowly.

When fully charged, the hearing aid lights remain constant, not blinking.

The lights turn off when the hearing aids are removed from the charger.

Premium charger illustrated. For more information, please see the individual user guide for each charger.
