

Potato peeler, 18 kg code: 229224

Peels potatoes using an abrasive disc and peeling pads inside the drum.

Drum, abrasive disc, and peeling pads made of high-quality stainless steel.

Abrasive disc fitted with aluminium alloy agitators.

BPA-free transparent lid.

Powerful motor peels a full load in 2-3 minutes.

Control panel with an 8-minute timer and indicator lights.

Safety micro switch.

Freshwater inlet and drain connection rinse potatoes continuously during peeling.

Peel collection trap consisting of 2 containers, one perforated, helping prevent drain blockages.

Legs are fitted with plastic feet for stability, while mounting plates on 2 legs allow secure floor installation.

Water resistance rating: IP23. Maximum load: 18 kg.

Output: 240-360 kg/h.
