

Rice cooker & warmer 5.4 l code: 240403

Housing made of stainless steel.

Internal aluminum container with non-stick coating, removable, easy to clean.

Stainless steel hinged lid with a seal and vent valve.

Snap fastener for an easy and tight closing of the cooker.

A special container for collecting condensation that is dripping from the lid protects the work area from getting wet.

2 operating modes – cooking and temperature maintenance mode; when the cooking is finished, the device switches to temperature maintenance mode.

Capacity: Suitable for 30 cups of dry rice (45-60 servings of cooked rice).

Measuring cup, rice spoon and silicone non-stick pad included.
