

TL-2200QVP (QUILT VIRTUOSO PRO)

JUKI®

Enjoy **Exceptional Quilting**
Performance and Feel at Home
with Traditional

LONG ARM QUILTING MACHINE
- **ART IN MOTION**

LARGE COLOR LCD TOUCH SCREEN

The touch screen display indicates:
Stitch Regulator Mode
LED Light Settings
Speed Control
Stitch Length
Needle Up/Down Position
Automatic or Manual Thread Trimming

HIGH CAPACITY MACHINE DESIGN

18" long x 10" high large workspace ensuring excellent quilting handling and performance.

BUILT-IN STITCH REGULATOR

The stitch regulator makes it possible to produce accurate, precise stitching. When you select your stitch mode, the TL-2200QVP communicates with the encoders to maintain perfect stitch length.

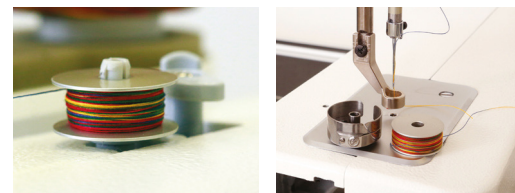

PUSH BUTTON HANDLE BAR CONTROLS

Start or stop the machine with your right handle bar. Control the needle up or down position with the left handle bar as well as the automatic thread trimming.

BUILT-IN BOBBIN WINDER

Our bobbin winder operates with an independent motor that winds bobbins as you quilt.

AUTOMATIC NEEDLE POSITIONER

The operator can activate the up or down needle position for perfect stitching placement.

ADJUSTABLE FRONT HANDLE BARS

Padded hand grips can be adjusted to suit your personal needs. Adjust horizontally, vertically or anywhere in between!

ERGONOMICALLY POSITIONED AUXILIARY HAND WHEEL

Convenient, easy reach hand wheel is located on the right side of the sewing head.

ENERGY EFFICIENT DIRECT DRIVE TECHNOLOGY

Direct drive motor allows for smooth, efficient sewing operation with low noise and vibration levels.

LASER LIGHT

The laser beam is positioned to efficiently follow pantographs or patterns while quilting.

SOLID STEEL HEAVY DUTY FRAME

*10' or 5' Set Up
*Quick Release Bar System
*Adjustable Height
*Optional 2' Extension

FOUR STITCHING MODES TO CHOOSE FROM

Cruise – Precise – Manual – Baste

AUTOMATIC THREAD TRIMMER

Threads are automatically trimmed by push button with the exclusive Juki knife system saving time and increasing efficiency.

EASY MAINTENANCE DRY HEAD SYSTEM

Dry sewing head eliminates the need for lubrication and oil stains on quilting. Occasional manual oiling of the hook is the only oiling needed.

DIRECTIONAL BRIGHT LED LIGHTING

High intensity LED lights are located above the needle. A total of 6 ultra bright lights cover the work area.

OPTIONAL REAR HANDLE BARS

Rear handle bars for sewing pantographs or patterns are available.

SPECIFICATIONS

QUILTERS CREATIVE TOUCH FOR THE JUKI
QUILT VIRTUOSO PRO NOW AVAILABLE!

QuiltMotion is an automated quilting system powered by Quilter's Creative Touch software for use with the Juki TL-2200QVP. You design the quilt and the QuiltMotion will automatically and accurately quilt it! Quilter's Creative Touch for the TL-2200QVP allows you to design and edit blocks, pantographs, borders and full quilts. You can even create your own patterns or trace them from photographs. In addition, there is a library of 200 quilt ready patterns included for you to enjoy. The TL-2200QVP together with QuiltMotion and Quilter's Creative Touch make it possible for you to bring professional, automated quilting to your home!
