Compact pet Keyring brush

Our customers say...

Ingenious mini-marvel..!

I bought this purely because it looked so cute, not thinking I would ever use it as a brush. How wrong was I! I use it all the time on my dog and can't believe how well it works to keep her coat knot-free and shiny.

PERFECT FOR:

- GROOMING ON THE GO
- TRAVEL
- GIFTS
- ATTACHING TO LEADS

Independently tested
on 4 strains of bacteria
to be 99.9% effective

Richard says...

The oh-so-adorable - and highly functional - Pet Angel Baby is a must-have keyring for all pet owners. It's perfect to put on a lead too!

Our customers say...

Fallen in Love!

*I cannot fault this brush, and neither can my dog. He absolutely loves being groomed with **Pet Angel** and it has made my life a lot easier. The best thing I've used in a while!*

Pet Angel incorporates the same tried and tested technology developed for the incredible Tangle Angel hairbrush, as tested on humans!

Its clever bristle design gently coaxes out knots and tangles with ease, to deliver effortless grooming. The kind and gentle way to leave your pets' coat not only tangle-free, but also beautifully shiny

Richard says...

*Clients were telling us they were using Tangle Angel's on their animals so **Pet Angel** was born. Using the same bristle formation and technologies but with firmer bristles and a larger pad size, our paw shaped detangling brush not only delivers pain free grooming for pets, but it's anti-bacterial qualities make it totally unique in the pet care market – as far as we know no other pet brush is anti-bacterial to 99.9%. Nearly all pet grooming brushes are made from metal and also look quite torturous and perfunctory. That's why we came up with our strapline – 'Makes Grooming your Pet a Pleasure not a Pain' – not only is it kind and gentle but it's clearly very gift-able.*

Our customers say...

Posh Paws

We have two rough collies, the younger one used to need to be muzzled to be brushed but not with **Pet Angel Mini**, he is so much calmer. It means that he can be groomed more often so fewer tangles are allowed to form. This product does what it says on the tin. Well done, great product.

Just like the Pet Angel - only smaller... perfect for grooming on the go

Its clever bristle design gently coaxes out knots and tangles with ease, to deliver effortless grooming

The kind and gentle way to leave your pets' coat not only tangle-free, but also beautifully shiny

The addition of antibacterial additives prevent the build up of unwanted bacteria on the bristles

Richard says...

Like Tangle Cherub, **Pet Angel Mini** was the natural evolution for Pet Angel. Ideal for smaller pets or hard to groom areas, it makes a great compact solution to grooming on the move, too.
