

SLACKSPOT

the clever slack system for children

Slackspot – a genuine quality product

Slackspot supports the motoric development of children, leads to self-assurance in everyday movements, and permits balancing as a team. The low balancing height of 10 cm provides for safe balancing without help - fall protection is not required. The adjustable belt tension and stopper bases on the bottom are only a few features that characterise the product. Whether used privately, in daycare centres, at physical therapy practices, or in foyers and waiting rooms, Slackspot does not require additional anchoring and can be integrated into many environments. Slackspot is delivered in a dismantled form and can be assembled using the provided tool without a problem.

MOUNTED WITH ONLY A FEW FLICKS OF THE WRIST

INFO

The use of Slackspot as a training and therapeutic device can support strengthening, sensomotoric training, the improvement of coordination and balance, or posture training.

LOAD
CAPACITY UP
TO
60 KG

1 EZ-46400
Slackspot Basic

length:..... 135,5 cm width:..... 18 cm
height:..... 11 cm Ø:..... -
weight:..... 5,045 kg

content: 2 spots, 1 reinforcement tube, 1 slackline,
mounting set, instructions

material: birch plywood, laquered

Slackspot Basic is the core of the system. Consisting of two spots and a slackline, the system is simplicity itself and the starting point for an exciting slackline course.

5 EZ-46404
Slackspot Trail

length:..... 135,5 cm width:..... 135,5 cm
height:..... 20,8 cm Ø:..... -
weight:..... 13,9 kg

content: 4 spots, 2 Trail discs, 4 reinforcement tubes,
4 slacklines, Mounting set, Instructions

material: birch plywood, laquered

The Slackspot Trail provides plenty of scope for motion activity. Two adjustable trail discs increase the grade of difficulty when balancing on the belt. Up to four children can exercise on this track.
